**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I absolutely love having Sonic as my internet provider. I have fast, reliable service and they offer the very best customer service any time I call or am having an issue. I appreciate that Sonic is a small, local business that invests in our community and is providing a top notch service that I NEVER received with bigger providers like AT&T or Comcast. I think Sonic provides their services at a reasonable price and I know they have my best interest in mind when making decisions about the cost of internet service. I believe in more competition coming in to provide us with faster, better internet services and to take the money grab away from big providers who leave us with little options and want to rule all so we are powerless to take any action against them. Thank you for listening.
